UNLICENSED NON-RELATIVE PLACEMENTS:

Placements in the home of a non-relative that are either authorized or supervised by your agency (this includes those that resulted from a court order as well as those that were not court ordered) should be documented in eWiSACWIS. In most cases these placements will not generate a payment (contact your supervisor or fiscal manager if a payment is needed). Examples of an unlicensed non-relative placement would be a neighbor or family friend.

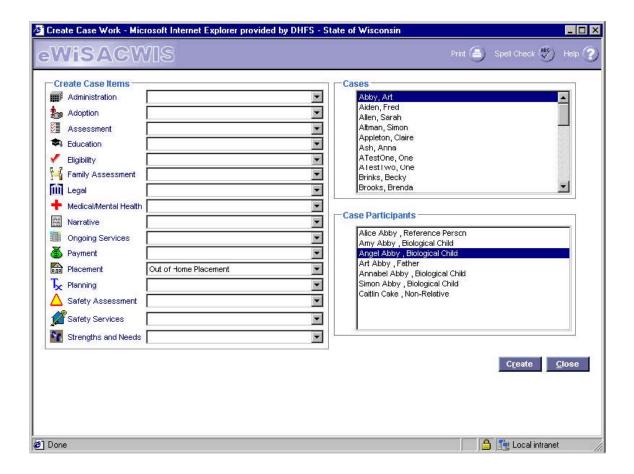

It should be noted that an unlicensed non-relative provider can become licensed. In the event that this occurs, the unlicensed placement that would be created initially should be ended the day before the provider's license becomes active. A new placement would be created for the appropriate licensed service type effective the date the license becomes active.

The Out-of-Home placement page should be used for only those placements that the child welfare agency seeks a TPC order for. For temporary detentions where a child is left with a relative or non-relative for a few hours until the parents can be located, those situations do not have to be recorded as Out-of-Home placements.

Successful documentation of an Out-of-home Placement or an In-home service assumes that the child's person management record is up to date. Please see the How Do I titled "Common Documentation Tasks For All Settings (In-Home & Out-of-Home)" for information surrounding documenting a person's demographics.

Also note that as part of the placement documentation the eligibility record for that child must be completed. See the above referenced How Do I for information surrounding documenting eligibility for a child.

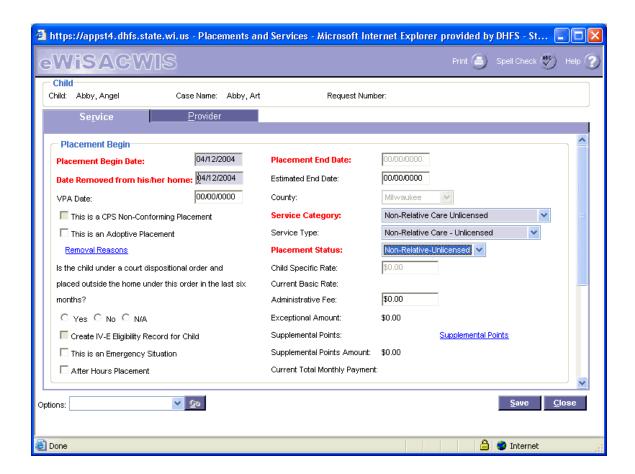

And lastly, when ending placements or services, please refer to the above referenced How Do I for information surrounding ending a placement in eWiSACWIS.
